Inspired by the Mumbai meal movement established in the late 18th century, Tiffin is a boomerang lunch-in-a-box service that comes in a stackable, eco-friendly stainless steel food tin.

The Tiffin tin compartmentalises your meal, (so your main doesn't touch your sweets), and is delivered to you fresh and ready to eat!

Tiffin is the perfect solution if you're stuck at work with a gazillion things to do, forgot your lunch, you have a business meeting to cater for, didn't have time to pack for that picnic at the river that starts in 20mins, or if you simply don't feel like cooking dinner.

And when you're finished, the tins come back to us to clean and reuse! No more plastic takeaway containers or soggy cardboard boxes!
